K+S successfully completes share buyback

- **12.3 million own shares (6.4% of the share capital) bought back for just under €200 million**
- **Average price of about €16 per share**

K+S has successfully completed the share buyback. Since mid-May 2023, K+S has bought back a total of 12.3 million of its own shares for just under €200 million (ISIN DE000KSAG888) at an average price of around €16 per share. This corresponds to 6.4 percent of the Company's share capital. K+S aims to cancel the bought-back shares by the end of 2023.

The share buyback supplemented the dividend payment of €1.00 per share for the 2022 financial year. K+S has therefore returned capital totaling around €390 million to its shareholders – this corresponds to a good 40 percent of the adjusted free cash flow for 2022.

“After the record year 2022, it was important for us to let our shareholders participate in this success. With the completion of the share buyback and the dividend payment for 2022, we have returned a total of around €2 per share to our shareholders, taking appropriate account of the different interests within our shareholder structure,” says Dr. Burkhard Lohr, Chairman of the Board of Executive Directors.
