

BOUNDARIES OF THE K+S FIELDS OF ACTIVITY ALONG THE VALUE CHAIN (GRI 3-3)

With the Agenda 2030, the global community wants to enable a dignified life worldwide and at the same time preserve the natural foundations of life in the long term. This includes economic, ecological and social aspects. With 17 goals for sustainable development (SDGs), the Agenda 2030 covers a wide range of topics. Fields of action include, for example, increased commitment to peace and the rule of law, the fight against corruption and education for all. The protection of our climate and resources. No one should have to suffer from hunger any longer.
