Each new item must be accompanied by an explanation or a draft proposal. The demand shall be addressed to the management board. Petitioners are required to prove that they have held the shares for at least three months and that they will continue to hold the shares until a decision about the petition has been rendered. Requests to amend the items of the agenda must be received by the company at least 30 days prior to the meeting, i.e. by 10 April 2010, 24:00 hours.

Underlying statutes:

“The shareholders’ meeting shall be called if shareholders, whose shares in aggregate amount to at least one-twentieth of the share capital, demand such meeting in writing, stating the purpose and the reasons for such meeting; this demand shall be addressed to the management board. The articles may provide that the right to demand a shareholders’ meeting shall require a different form or the holding of a lower proportion of the share capital. § 142 paragraph 2 sentence 2 shall apply accordingly.”

Section 122 paragraph 2 AktG:

Each new item shall be accompanied by an explanation or a draft proposal. Information right

The management board shall provide information to each shareholder upon request during the shareholders’ meeting about the affairs of the company, to the extent it is necessary to properly assess the item of the agenda. The information obligation also extends to the legal and commercial relationships of the company with an affiliated company. If a company makes use of the facilitations pursuant to Section 266 paragraph 1 sentence 2, Section 276 or Section 288 of the German Commercial Code, each shareholder may demand that in the shareholders’ meeting about the annual financial statements the annual financial statements be submitted him in the form they would be in without application of these provisions. The information obligation of the management board of a parent company (Section 290 paragraph 1, 2 of the German Commercial Code) in the shareholders’ meeting to which the consolidated financial statements and the group management report are submitted also extends to the situation of the corporate group and of the companies included in the consolidated financial statements.

In order to facilitate the appropriate response, shareholders and shareholder representatives, who want to submit questions during the shareholders’ meeting, are requested to submit these questions as early as possible to the address stated above. This submission is no formal requirement for the answer. It leaves the information right unaffected.

Underlying statutes:

Section 131 AktG:

“(1) Each shareholder shall upon request be provided with information by the management board during the shareholders’ meeting about the affairs of the company to the extent it is necessary to properly assess the item of the agenda. The information obligation also extends to the legal and commercial relationships of the company with an affiliated company. If a company makes use of the facilitations pursuant to Section 266 paragraph 1 sentence 2, Section 276 or Section 288 of the German Commercial Code, each shareholder may demand that in the shareholders’ meeting about the annual financial statements the annual financial statements be submitted him in the form they would be in without application of these provisions. The information obligation of the management board of a parent company (Section 290 paragraph 1, 2 of the German Commercial Code) in the shareholders’ meeting to which the consolidated financial statements and the group management report are submitted also extends to the situation of the corporate group and of the companies included in the consolidated financial statements.

(2) The information shall correspond to the principles of diligent and faithful accounting. The articles of association or the rules of internal procedure pursuant to Section 129 may authorize the chairman of the meeting to reasonably limit the time for the shareholder’s right to submit questions and speak as well as to determine further details.

- (3) The management board may refuse to provide information,
1. if based on a reasonable commercial assessment providing the information is suitable to cause not insignificant disadvantages to the company or an affiliated enterprise;
 2. to the extent it relates to valuations for tax purposes or the amount of individual taxes;
 3. about the difference between the value with which items are reported in the annual balance sheet and a higher value of these items, unless the shareholders' meeting approves the annual financial statements;
 4. about the accounting and valuation methods, to the extent that stating these methods in the notes is sufficient in order to provide an image of the asset, financial, and earnings situation of the company in the sense of Section 264 paragraph 2 of the German Commercial Code that corresponds to the actual situation; this does not apply if the shareholders' meeting approves the annual financial statements;
 5. to the extent that the management board would commit a criminal offense by providing the information;
 6. to the extent it is not required in the case of a bank or a financial services institution about applied accounting and valuation methods as well as nettings made in the annual financial statements, management report, consolidated financial statements, or group management report;
 7. to the extent that the information is constantly available on the company's website for at least seven days prior to and during the shareholders' meeting.
- Information may not be refused for any other reasons.

(4) If information was provided to a shareholder outside of the shareholders' meeting in his capacity as shareholder, it must be provided to every other shareholder upon request during the shareholders' meeting, even if it is not necessary to properly assess the item of the agenda. The management board must not refuse to provide information pursuant to paragraph 3 sentence 1 No. 1 to 4. Sentences 1 and 2 do not apply, if a subsidiary (Section 290 paragraph 1, 2 of the German Commercial Code), a joint venture company (Section 310 paragraph 1 of the German Commercial Code), or an associated company (Section 311 paragraph 1 of the German Commercial Code) provides the information to a parent company (Section 290 paragraph 1, 2 of the German Commercial Code) for purposes of including the company in the consolidated financial statements of the parent company and if the information is required for this purpose.

(5) If information is refused to a shareholder, he may demand that his question and the reason because of which the information was refused be recorded in the minutes of the meeting."
